I, Richard H. Lloyd, being first duly sworn on oath, depose and state that I am currently the titleholder of the above described real estate; that at the time that I purchased the above described real estate it was discovered that there were four underground storage tanks on the property. That I retained Guetzko Construction Company, Inc. of Manchester, Iowa, to remove the said underground storage tanks and paid the cost of removal of said tanks. Attached hereto marked "Exhibit A" and by this reference made a part hereof is a copy of the invoices for the removal of the underground storage tanks and a check showing payment for the removal thereof.

That at the time of the removal of the underground storage tanks no contamination of the ground or surrounding area was discovered. That I know of no contamination caused by said underground storage tanks and I am currently unaware of any contamination or other groundwater hazards on the above described real estate.
