SEWER ASSESSMENT AGREEMENT

The UNDERSIGNED Eugene A. Vaske and Elizabeth J. Vaske, husband and wife, (hereinafter referred to as "property owner), and the City of Manchester, Iowa hereby covenant and agree as follows:

1. Property owner is the fee titleholder to the following described premises at 259 Bailey Drive:

   That part of the Northwest Quarter (NW ¼) of the Southwest Quarter (SW ¼) of Section Thirty Three (33), Township Eighty Nine (89) North, Range Five (5), West of the Fifth Principal Meridian described as commencing at the Northeast corner of said Northwest Quarter (NW ¼) of the Southwest Quarter (SW ¼) and running thence West six and eight-tenths (6.8) feet to the point of beginning, thence West six hundred sixty three and two-tenths (663.2) feet along the North line of said Northwest Quarter (NW ¼) of the Southwest Quarter (SW ¼), thence South one hundred fifty (150.0) feet, thence South 89° 55' East six hundred seventy and five-tenths (670.5) feet, thence Northerly one hundred fifty one and sixteen one-hundredths (151.16) feet along a one thousand nine hundred ten and eight one-hundredths (1910.08) foot radius curve concave Westerly to the point of beginning, excepting therefrom that part thereof conveyed to the City of Manchester by Special Warranty Deed recorded in Book 79, L.D., Page 113.

2. The Manchester City Code (Section 95.04) requires all homes to be connected to a public sanitary sewer system when said system is within one hundred feet of the property line of such owner and is of such design as to receive and convey sewage by gravity flow.

3. Manchester City Code (Section 96.01) requires a connection fee when sanitary sewer system is stubbed into a property.

4. That in 2000, the City of Manchester, Iowa, provided for the construction of sanitary sewer service to serve the above-referenced property.

5. That based upon the unique circumstances involving the above-described property and its current stage of development, the parties have determined that is appropriate to delay assessment of costs for extending sewer service to the property until such time as the existing septic system requires major repairs, but no later than ten (10) years from the date of this agreement. During the term of this agreement, the property owner agrees every two years to submit proof of pumping maintenance records verifying that the septic system is functioning properly.

6. Upon the need for major repairs to the septic system, or ten (10) years from the date of this agreement, the above-referenced property shall be assessed for costs of extension of sewer service to the lot based upon city ordinances or policies in effect at the time of assessment of such costs.

7. The property owner consents to an assessment of such costs to the property pursuant to City ordinances and policies existing at the time the assessment becomes effective.

8. The parties agree and understand that future prices, costs, and policies for allocation of costs and expenses for extension of sewer service may likely be greater than current construction costs.

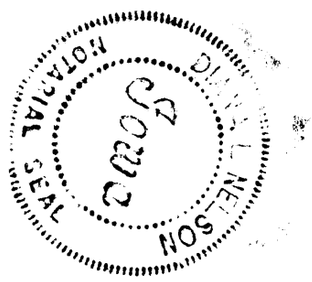

9. This Agreement shall be recorded in the Office of the Delaware County Recorder at the expense of the City.
