WASTE DISPOSAL LEASE AGREEMENT

THIS IS AN AGREEMENT entered into this 14 day of March, 2001, by and between Elk Ridge L.C., (hereinafter "Operator"), who operate or will operate a swine facility located at 1252 State Hi-way 38 Greely, Iowa, and Daniel A. Bockenstedt, JoAnn D. Bockenstedt, Richard Bockenstedt, and Kimberly Bockenstedt (hereinafter "Owners") with address of 1452 State Highway No. 38, Greeley, Iowa and 1623 State Highway No. 38, Greeley. Iowa.

In consideration of the mutual covenants and promises herein contained, the parties agree as follows:

1. **GRANT OF LEASE** - Owners do hereby grant unto Operator, their successors and assigns, a Lease for a period of twenty (20) years from and after the date hereof for the purposes of depositing animal waste products, excluding animals and animal parts, from livestock operations conducted on the herein described premises owned or operated by Operator, together with the right of entrance and exits at convenient points for such purposes and including the right to bring and maintain all equipment for the period necessary to deposit and disseminate said animal waste products on, over, across and through the premises now owned by Owners, which are described as follows: See attached Exhibit "A" for legal description of Owners' property.

   The legal description of Operator's facility is as follows: Parcel B, Section 18, T90N, R4W of the 5th P.M., Delaware County, Iowa, according to Plat of Survey recorded with the Delaware County Recorder's Office in Book 2001, Page 222.

2. **RIGHT OF ACCESS** - Owners, their agents, successors and assigns, shall have the right at all reasonable times, to enter unto the Operator's property, as described herein, for the purpose of obtaining the animal waste products at the Operator's facility. Owners agree that they or any manure hauler acting as Owners' agent, must clean any equipment before entering Operator's property to guard against the spread of disease. Operator shall have the right to enter unto the real estate of Owners in order to deposit and disseminate any animal waste products over and across Operator's premises in the event that Owners fail to or refuse to remove and spread said manure as provided in this Agreement. Operator shall be limited in time to the time following the harvest of the crop grown on the Owners', its lessees, its successors and assigns, up to and not later than June 1st of the next crop year, or such other dates as agreed upon by the Owners and Operator.

3. **REIMBURSEMENT OF OPERATOR** - In the event that Owners or their agents fail or refuse to spread animal waste products such that Operator or its agents are required to spread animal waste products on the Owners' property, the Owners shall be obligated to reimburse the Operator, its successors and assigns, reasonable compensation for the cost of the spreading and applying said animal waste products herein before described. The cost of said reasonable compensation will be determined by the parties depending on the circumstances and the local agricultural economy at the time. If the parties are unable to mutually agree upon the reasonable compensation for any certain year, then the parties agree to submit the question to the Iowa State University, Ames, Iowa, and to abide by its recommendations of the fair compensation. Further, in the event Iowa State University is not able to render said advice, then each party shall select an expert and the two (2) experts shall select a third expert and then, the three (3) experts shall make a recommendation concerning the reasonable compensation for the year and the parties agree to abide by said recommendation. Finally, if the three (3) experts cannot agree, then the reasonable compensation for the year shall be the average of the three (3) expert opinions.

4. **MINIMUM - MAXIMUM APPLICATION** - The fact that this Agreement has been granted to the Operator in no way obligates Operator or commits Operator to deposit any waste whatsoever upon the above described land. Owners shall not be obligated to accept for distribution on their property said animal waste products if the dissemination of said animal waste products on the Owners' property would exceed that amount allowed by the Manure Management Program approved by the Department of Natural Resources of the State of Iowa. In addition, the parties agree that animal waste products will not be deposited or disseminated on the Owners' property in any manner or in any amount which shall violate any Federal, State or Local Law, Resolution or Ordinance.

5. **BENEFIT** - It is agreed that the Lease herein conveyed and granted shall inure to the benefit of Operator, its successors and assigns and shall pass automatically with a conveyance or transfer of possession of Operator. Owners represent that they have the full right and power to enter into the Lease granted herein.

6. **OPERATOR DISCONTINUANCE OF BUSINESS** - In the event the Operator or their successors and assigns cease to raise livestock on its premises for a continuous period of five (5) years, this Lease shall terminate.

7. **COVENANT RUNNING WITH THE LAND** - This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors, assigns and legal representatives and shall be deemed as a covenant running with the land.

8. **ALTERNATIVE SIGHT** - In the event Owners desire that Operator not apply animal waste to the property described in Section 1, Owners may obtain at their sole expense an alternate site within one (1) mile by established road from the closest boundary of Operator for application of the animal waste products in accordance with this Agreement. In the event such site is more than one (1) mile by established road from the closest boundary of the Operator's premises, then Owners agree to pay all transportation costs to get the animal waste products and effluent from the Operator's premises to site for application.

IN WITNESS WHEREOF, the parties hereto have executed this Waste Disposal Lease Agreement the year and date first above written.
