Re: Beryl Brunkan

To Whom It May Concern:

Beryl Brunkan has been a patient of mine since 2001. I have been treating him for a number of medical conditions. Recently he has been experiencing short term memory loss. He was admitted to Methodist University Hospital on October 30, 2008 with low O2 sats and was recommended for evaluation for and diagnosed with dementia. He was discharged from Methodist University Hospital on November 7, 2008 and admitted to Gallaway Nursing Home.

I have included the discharge summary with this letter.

Thank you,
