The Assigned Rights, and the contribution, conveyance and assignment of the Assigned Rights under this Assignment and Conveyance Agreement, are subject to (a) the terms and conditions of the leases, easements, rights-of-way, franchises, permits, licenses and other rights to, or interests in, real property listed on said Schedule A, and (b) all easements, covenants, conditions, restrictions, reservations and other matters of record affecting, encumbering or relating to the Assigned Rights.

From time to time, as and when requested by Grantor, Grantee shall execute and deliver, or cause to be executed and delivered, all such documents and instruments and shall take or cause to be taken, all such further or other actions, as Grantor or its successors and permitted assigns may reasonably deem necessary or desirable in order that Grantee can more effectively accept and assume the Assigned Rights contributed, conveyed and assigned by this Assignment and Conveyance Agreement.

This Assignment and Conveyance Agreement may be executed in any number of counterparts (including by means of email of a portable document format (.pdf) signature page) with the same effect as if each of Grantor and Grantee had signed the same document. All counterparts shall be construed together and shall constitute one and the same instrument.

Whenever possible, each provision of this Assignment and Conveyance Agreement shall be interpreted in such manner as to be valid and effective under applicable law, but if any provision of this Assignment and Conveyance Agreement or the application of any such provision are held by any court of competent jurisdiction to contravene, or to be invalid or unenforceable under, the laws of any political body having jurisdiction over the subject matter hereof, such contravention, invalidity or unenforceability shall not invalidate the entire Assignment and Conveyance Agreement or any other provision hereof. Instead, this Assignment and Conveyance Agreement shall be construed as if it did not contain the particular provision or provisions held to be in contravention, invalid or unenforceable and each of Grantor and Grantee shall negotiate in good faith to modify this Assignment and Conveyance Agreement so as to give effect to the original intention of each of Grantor and Grantee as closely as possible in a mutually acceptable manner in order that the transactions hereby be consummated as originally contemplated by this Assignment and Conveyance Agreement at the time of execution of this Assignment and Conveyance Agreement to the greatest extent possible.
