TRANSFEREE:

Name Kimberly M. Franzen and Neil F. Franzen

Address 1376 150th Street, Dundee, IA 52038

Number and Street or RR | City, Town or P.O. | State | Zip

Address of Property Transferred:
1376 150th Street, Dundee, IA 52038

Number and Street or RR | City, Town or P.O. | State | Zip

Legal Description of Property: (Attach if necessary) The East two hundred twenty seven (227) feet of the North three hundred fifty (350) of the Northwest Quarter (NW ¼) of the Northeast Quarter (NE ¼) of Section Thirty Four (34), Township Ninety (90) North, Range Six (6), West of the Fifth P.M.

1. **Wells (check one)**
   - ___ There are no known wells situated on this property.
   - ✓ There is a well or wells situated on this property. The type(s), location(s) and legal status are stated below or set forth on an attached separate sheet, as necessary.
2. **Solid Waste Disposal (check one)**
   - ✓ There is no known solid waste disposal site on this property.
   - ___ There is a solid waste disposal site on this property and information related thereto is provided in Attachment #1, attached to this document.
3. **Hazardous Wastes (check one)**
   - ✓ There is no known hazardous waste on this property.
   - ___ There is hazardous waste on this property and information related thereto is provided in Attachment #1, attached to this document.
4. **Underground Storage Tanks (check one)**
   - ✓ There are no known underground storage tanks on this property. (Note exclusions such as small farm and residential motor fuel tanks, most heating oil tanks, cisterns and septic tanks, in instructions.)
   - ___ There is an underground storage tank on this property. The type(s), size(s) and any known substance(s) contained are listed below or on an attached separate sheet, as necessary.

5. **Private Burial Site (check one)**
   - ✓ There are no known private burial sites on this property.
   - ___ There is a private burial site on this property. The location(s) of the site(s) and known identifying information of the decedent(s) is stated below or on an attached separate sheet, as necessary.

6. **Private Sewage Disposal System (check one)**
   - ___ All buildings on this property are served by a public or semi-public sewage disposal system.
   - ___ This transaction does not involve the transfer of any building which has or is required by law to have a sewage disposal system.
   - ✓ There is a building served by private sewage disposal system on this property or a building without any lawful sewage disposal system. A certified inspector's report is attached which documents the condition of the private sewage disposal system and whether any modifications are required to conform to standards adopted by the Department of Natural Resources. A certified inspection report must be accompanied by this form when recording.
   - ___ There is a building served by private sewage disposal system on this property. Weather or other temporary physical conditions prevent the certified inspection of the private sewage disposal system from being conducted. The buyer has executed a binding acknowledgment with the county board of health to conduct a certified inspection of the private sewage disposal system at the earliest practicable time and to be responsible for any required modifications to the private sewage disposal system as identified by the certified inspection. A copy of the binding acknowledgment is attached to this form.
   - ___ There is a building served by private sewage disposal system on this property. The buyer has executed a binding acknowledgment with the county board of health to install a new private sewage disposal system on this property within an agreed upon time period. A copy of the binding acknowledgment is provided with this form.
   - ___ There is a building served by private sewage disposal system on this property. The building to which the sewage disposal system is connected will be demolished without being occupied. The buyer has executed a binding acknowledgment with the county board of health to demolish the building within an agreed upon time period. A copy of the binding acknowledgment is provided with this form. [Exemption #9]
   - ___ This property is exempt from the private sewage disposal inspection requirements pursuant to the following exemption [Note: for exemption #9 use prior check box]: _____.
   - ___ The private sewage disposal system has been installed within the past two years pursuant to permit number _____.

Information required by statements checked above should be provided here or on separate sheets attached hereto:

See attached OASIS Drawing

I HEREBY DECLARE THAT I HAVE REVIEWED THE INSTRUCTIONS FOR THIS FORM AND THAT THE INFORMATION STATED ABOVE IS TRUE AND CORRECT.

Comments: _____

Site status at conclusion of Time of Transfer inspection:

Verify that controls are set on the appropriate mode.
Power is on to all components.
Revisit all components to verify lids are secure.
Gather all tools for removal from the site.
Verify that no sewage is on the ground surface.

Using this worksheet, write a narrative report of the inspection results.

Submit a copy of this report, including your narrative, to the city/county environmental health office, the DNR and the county Recorder in the county where the inspection was conducted.

This report indicates the condition of the private sewage disposal system at the time of the inspection. It does not guarantee that it will continue to function satisfactorily.

Septic Inspection
Derek & Lindsay Weber
1376 150th St.
Dundee, IA 52038

Description:

Home at 1376 150th St. Dundee, IA consists of 4 bedrooms and 2 baths, approximately 1900 square feet.

Septic Description:

Septic system was installed November 22, 2006. Permit #1465. Septic consists of 1 – 1250 gallon 2 compartment concrete septic tank from swales precast, 1 – 7 hole distribution box, 3 – 100' leach lines. Both inlet and outlet baffles are in good condition.

Septic Condition:

The 1250 gallon tank was pumped by D & S Portables. A hydraulic load test was performed at 6 gpm for 45 minutes. Leach field accepted water, no septic filter in the outlet of septic tank and water well is less than 100' from leach field.

Company Disclaimer

Based on what we were able to observe and our experience with on-site wastewater technology, we submit this sanitary sewage disposal system inspection report based on the present condition of the on-site sewage disposal system. Oasis Pump Service has not been retained to warrant, guarantee, or certify the proper functioning of the system for any period of time in the future. Because of numerous factors (usage, soil characteristics, previous failures, etc.) which effect the proper operation of a septic system as well as the inability of our Company to supervise or monitor the use or maintenance of the system, this report shall not be constructed as a warranty by our Company that the system will function properly for any particular buyer. Oasis Pump Service **DISCLAIMS ANY WARRANTY**, either expressed or implied, arising from the inspection of the septic system or this report. We are also not ascertaining the impact the system is having on the ground water.

I have studied the information contained herein and that my assessment is honest, thorough, and, to the best of my ability correct.

Certified by Luke Ogden #6715
