The purpose for which this property was acquired is to provide for wildlife management, production, and harvest. Federal regulations (50 CFR 80.130 and 2 CFR 200.311) and the USFWS Wildlife Restoration and Basic Hunter Education Program (CFDA 15.611) require the Property to be used for the purpose for which acquired and restrict the DNR from disposing of the Property or encumbering its title notwithstanding any inconsistent state law. DNR's interest in the Property shall be administered in accordance with the terms, conditions and purposes of the Grant. DNR's interest in the Property, or any portion of the DNR's interest in the property, may not be sold, transferred, pledged or otherwise disposed of or further encumbered without obtaining approval of the Service, its designee or successor. This restriction has the effect of a covenant running with the land and is binding upon the DNR, its designee or successor.

COVENANTS: Grantor covenants with grantee and successors in interest: that grantor holds the real estate by title in fee simple; that it has good and lawful authority to sell and convey the real estate; that the real estate is free from all encumbrances except as may be above stated; and that grantor warrants the real estate and will defend it against the lawful claims of all persons except as may be above stated.
