WHEREAS, the Lender is now the holder of the Promissory Note and Mortgage; and the Borrower is the owner of the mortgaged premises; and

WHEREAS, the Lender, in consideration of the promises, representations and statements herein contained agrees to the changes hereinafter set forth.

NOW, THEREFORE, it is hereby agreed by and between the parties that:

1. The principal balance of One Hundred Fifty Four Thousand Five Hundred Fifty and 00/100 Dollars (\$ 154,550.00), being the aggregate principal sum presently remaining unpaid, shall be due and payable as hereinafter set forth, with interest thereon, on the from time to time unpaid balances thereof as hereinafter set forth.

Fixed Rate.

The said principal sum shall bear interest from the 28th day of January, 2000 at the rate of 8.500 percent per annum.

The Borrower shall pay the principal sum together with interest thereon in equal installments of One Thousand One Hundred Eighty Eight and 36/100 Dollars (\$ 1,188.36), the first installment to be paid on the 1st day of March, 2000, and a like installment to be paid on the same day monthly thereafter until the 1st day of February, 2030, at which time the entire unpaid balance of the principal sum with all accrued interest thereon shall be due and payable in full. Said payments to be applied first to interest due and the remainder on principal until paid in full. Interest after maturity shall be at the rate of Eight and 500/1000 percent (8.500 %) per annum.

Variable Rate.

A. Interest Rate. Until changed, the interest rate shall be _____ % effective _____. The interest rate may change on _____, _____, and on that day every _____ payment thereafter. Each date on which the interest rate could change is called a "Change Date."

B. Index. Beginning with the first Change Date, the interest rate will be based on an Index.

The index is _____

The most recent index figure available as of the date 45 days before each Change Date is called the "Current Index."

If the index is no longer available, the Lender will choose a new index, which is based upon comparable information. The Lender will give Borrower notice of this choice.

C. Calculation of Changes. Before each Change Date, the Lender will calculate the new interest rate by adding _____ percentage points (_____%) to the Current Index. The Lender will then round the result of this addition to the nearest one-eighth of one percentage point (0.125%). Subject to the limits stated in Section D below, this rounded amount will be the new interest rate until the next Change Date.

The Lender will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal at the Change Date in full on the maturity date at the new interest rate in substantially equal payments. The result of this calculation will be the new amount of the monthly payment.

2000. Receipt of a copy hereof is hereby acknowledged by Borrower.

IN WITNESS WHEREOF, the Agreement has been duly executed by the parties hereto effective the 28th day of January,
