

Madison County Office of Zoning and Environmental Health

Elton A. Root, Environmental Health Officer

INTERMITTENT SAND FILTERS

PROPERTY OWNERS AGREEMENT TO FOLLOW CHAPTER 69 REQUIREMENTS

567—69.9(455B) **Intermittent sand filters.**

Sampling. Effluent sampling of intermittent sand filters shall be performed **annually** or as directed by the administrative authority.

Madison County Board of Health is the administrative authority and has addressed sand filter testing through regulatory requirements. Madison County Health Regulations require Sand Filter testing for CBOD₅ and TSS annually and those test results are to be provided to this office no later than June 1 each year. Tests may not be conducted earlier than 30 days prior to due date. Failure to conduct the proper testing and provide the results to this office by the due date will result in this office conducting the test. Actual cost of testing will be charged to the system owner along with an administrative fee.

In addition to testing requirements an annual fee is required by Madison County Health Regulations. This fee is to cover the administrative oversight of the test results and includes a walk over inspection of these systems once every three years. The fee paid at the time the permit was issued only covers the time between the date of issue and the first due date. The owner is responsible for annual payments every year hereafter. *Annual Fees shall be due on or before June 1st and remitted with Test results.*

These requirements are perpetual and shall run with the following real estate described as follows:

*Par F 18.04A N PT NW NW Sec 29-75-26
As recorded Book 2003 Page 5813 (Warranty Deed)
Plot of Survey Book 2003 Page 5279*

Certification:

I agree to abide by all terms and conditions stated above. The permitted system will be constructed in conformance with the requirements of IAC 567—Chapter 69 and all applicable County requirements.
