IOWA COUNTY ATTORNEYS CASE MANAGEMENT PROJECT 28E AGREEMENT

WHEREAS the below-named Iowa counties desire to enter into an agreement for the purposes of developing and making available a case management program or programs, which are more uniformly accepted, compatible and able to integrate with other local and state criminal justice agencies, and adapted to the special needs and requirements of Iowa county attorneys; and of providing for future development, improvement, and training in the use of case management programs for Iowa county attorneys;

WHEREAS each county is a public agency within the meaning of Iowa Code Chapter 28E;

WHEREAS Iowa Code Chapter 28E provides authority, guidelines, and a mechanism for pursuing such purposes under the terms of an agreement of the parties;

NOW, THEREFORE, IT IS AGREED by and between the below-named Iowa counties pursuant to Chapter 28E, Code of Iowa as follows.

GENERAL PURPOSES

The purpose of the Iowa county attorneys case management project is to provide a means through which representatives from the offices of interested Iowa county attorneys may cooperate and coordinate efforts to develop and make available a case management program or programs, which are more uniformly accepted, compatible and able to integrate with other local and state criminal justice agencies, and adapted to the special needs and requirements of Iowa county attorneys; and to provide for future development, improvement, and training in the use of case management programs for Iowa county attorneys, through one or more of the following initiatives and other means deemed appropriate by the parties to this agreement:

5. Work with state and local government agencies in connection with initiatives to integrate the public safety, criminal and juvenile justice, and court systems.
6. Provide for training required to establish and maintain case management programs for county attorney offices.
7. Explore multi-county sharing of case management programs and computer equipment, and other approaches to cost sharing and reduction.
