GENERAL INFORMATION REGARDING THIS DOCUMENT

- 1. "Health care" means any care, treatment, service, or procedure to maintain, diagnose, or treat an individual's physical or mental condition. "Life-sustaining procedure" means any medical procedure, treatment, or intervention which utilizes mechanical or artificial means to sustain, restore, or supplement a spontaneous vital function, and when applied to a person in a terminal condition, would serve only to prolong the dying process. "Life sustaining procedure" does not include administration of medication or performance of any medical procedure deemed necessary to provide comfort care or to alleviate pain.
2. The terms "health care" and "life-sustaining procedure" include nutrition and hydration (food and water) only when provided parenterally or through intubation (intravenously or by feeding tube). Thus, this document authorizes withholding nutrition or hydration that is provided intravenously or by feeding tube. If this is not what you want, you should set forth your specific instructions in the space provided on page 1.
3. The following individuals shall not be designated as the attorney in fact to make health care decisions under a durable power of attorney for health care:
a. A health care provider attending the principal on the date of execution.
b. An employee of such a health care provider unless the individual to be designated is related to the principal by blood, marriage, or adoption within the third degree of consanguinity.
4. The power of attorney for health care decisions or the declaration relating to use of life-sustaining procedures may be revoked at any time and in any manner by which the principal/declarant is able to communicate the intent to revoke, without regard to mental or physical condition. A revocation is only effective as to the attending health care provider upon its communication to the provider by the principal/declarant or by another to whom the principal/declarant has communicated the revocation.
5. It is the responsibility of the principal/declarant to provide the attending health care provider with a copy of this document.
6. A declaration relating to use of life-sustaining procedures will be given effect only when the declarant's condition is determined to be terminal or the declarant is in a state of permanent unconsciousness, and the declarant is not able to make treatment decisions.
