VARIANCE FOR BK 2000 Lot 10 Berglund Estates Section 32-77-27

Kevin & Angela Stevenson have received a variance from Madison County Environmental Health to install a BK2000 filter as tertiary treatment following the Clear Stream mechanical aerobic treatment unit at the following property:

1530 Nature Court, Winterset, IA otherwise described as Lot 10 EX S 225.5' Berglund Estates Section 32 T77N R27W Jefferson Township.

The BK2000 replaces the existing free access sand filter. This variance has been granted under the following conditions:

1. Sampling monthly during the first 3 months following installation
2. Sampling quarterly after the first 3 months until the first anniversary of the installation
3. Sampling 2 times per year according to Madison County regulation for Mechanical Testing.

A service agreement for the onsite wastewater treatment system must be in force the entire time this system is operational. Lack of a service agreement or high test results can result in the wastewater treatment system being declared a failed system by Madison County Environmental Health and will be replaced with a system approved in Madison County.

Certification:

I certify the above information is true and accurate, to the best of my knowledge. I agree to abide by all of the terms and conditions stated above.
