(Owner or Owners of Record)

Address 1025 Ashworth Road, Box 454, West Des Moines 50265 5/3, 1973 (Date)

Iowa State Highway Commission
Ames, Iowa

Gentlemen:

A permit is hereby requested to construct a "C" (Type "A", "B", or "C") entrance 20 feet in width, from right of way line to primary road traveled way, including necessary drainage structure thereunder at Station 235+50, South side.

PLAT OF ENTRANCE AS PROPOSED TO BE CONSTRUCTED IS ATTACHED TO AND IS A PART OF THIS APPLICATION. (Form 534)

Proposed entrance is located on Primary Road No. 92, Sec. 26, T. 76N, R. 27W, Madison County, 3.7, Miles East (Direction) from Winterset (Place, Town, or Object) more specifically described as follows:

763 ft. east of west line of Sec. 26-76-27

The applicant agrees that if granted a permit to construct the above described entrance, the following stipulations shall govern.

1. Written approval of the Highway Commission shall be obtained before any change is made in the entrance or its location.

2. That the entrance, including drainage structure, grading and surfacing, shall be constructed by the applicant at the applicant's expense, in accordance with the plat attached hereto, and in conformity with the standard specifications of the Iowa State Highway Commission, and shall thereafter be kept in repair and maintained by the applicant at his own expense. Nothing in this stipulation, however, shall preclude the Iowa State Highway Commission from entering upon said entrance on highway right of way and performing necessary maintenance for the protection of the highway.

3. That the construction, of the entrance shall be completed by the 1 day of July, 1973 (The permit is null and void if drive is not completed by the above date unless extension is granted in writing by the Iowa State Highway Commission.)

4. That the construction, future repair or maintenance of said entrance shall be carried on in such a way as not to interfere with, or interrupt traffic on said highway, and the applicant shall take all reasonable precautions to protect and safeguard the lives and property of any person or persons, and shall save the State and State Highway Commission harmless of any damage or losses that may be sustained by any person or persons, on account of such construction, repair or maintenance operations.

5. That no filling will be permitted in the right of way of primary road No. Iowa 92 other than that necessary to construct the proposed entrance.

That the culvert pipe under the entrance shall be zinc coated corrugated metal or 1500D concrete pipe. It shall be None required inches in diameter and _____ feet in length as shown on attached sketch, and of quality complying with Sec. 4141 and Sec. 4145 of the Iowa State Highway Commission Standard and Specifications, Series of 1964, or subsequent revisions. The pipe shall be installed at the elevation specified by the engineer.

The finished surface elevation of the driveway over the pipe or place where the pipe would normally be, shall be 4 inches lower than shoulder elevation at Station _____ to prevent water draining onto the pavement or travel way.

6. That the applicant agrees to give the State Highway Commission forty-eight hours notice of his intention to start construction on the highway right of way. Said notice shall be in writing to the person whose name is shown on the reverse side.

7. That all provisions herein relating to future repair or maintenance shall be binding on all successors or assigns of the applicant.

8. Stipulations and requirements contained herein are not intended to waive greater requirements of local zoning ordinances.

9. Applicant's attention is directed to the fact that private property may not be used so as to obstruct or encumber the public highway right of way, or interfere with the safety, comfort, and rights of public highway users.

10. _____
